Communications Internationales des équipes 2007

1. Djellab N. and Adel K., *On a model for management of hello messages in ad hoc network*, Proceedings of the international conference "Mathematical methods for increasing efficiency of information telecommunication network", Grondo (Bielorussia), 2007, ISBN:978-985-500-091-5.

2. Adjabi S. and Lagha K., *Performances Evaluation of a tandem network queueing network*, International Conference ASMDA2007 (Applied Stochastic models and data Analysis), May 2007, Chania, Crete, Greece.

3. Rahmoune F. and Aïssani D., *Approximation dans les systèmes réparables de fiabilité avec maintenance préventive*. Proceedings of the VII International Congress QUALITA'07 (Qualité et Sûreté de Fonctionnement), 2007.

4. Aïssani D., *La ciutat de Bugia, el Tassawuf i les « disputes » entre Ramon Llull i els ulemes de Bugia.*, Proceedings of the International Conference «Ciencia i pensament en el dialeg de les cultures Mediterranies avui », Barcelone, 2007, pp. 48 – 49.

5. Yousfi N., *International Trade and the Environment.A Multicriteria Games Approach.*", Proceedings of the International conférence "3rd Spain, Italy, Netherlands Meeting on Game Theory, SING3", Madrid, 07/2007.

6. Fahem K., Proceedings of the International conférence "3rd Spain, Italy, Netherlands Meeting on Game Theory, SING3", Madrid, 07/2007.

7. Talantikit H., Aïssani D., Boudjlida N., Chebli S. and Bouakil M., *The Impact of Web Services on Companies*, 11th International Conference HAAMAHA 2007 (Human Aspects of Advanced Manufacturing Agility and Hybrid Automation), Poznan (Poland), 2007. IEA Press.

8. Bareche A. and Aïssani D., *Interest of Kernel Density in the Use of Strong Stability Method to Precise the Proximity of G/M/1 and M/M/1 systems*, Second International Conference Valuetools 2007 (Performance Evaluation, Methodologies and Tools), Nantes, 2007. ICST 978-963-9799-00-4.

9. Medjoudj R., Aïssani D. and Boubakeur A., *Interruption modelling in electrical distribution system using Weibull-Markov model*. Proceedings of the International Conference

MMR'2007 (Mathematical Methods in Reliability), Glasgow, Scotland, UK, 2007.

10. Medjoudj R., Aïssani D. and Boubakeur A., A *Comparison Between Markov and Weibull-Markov Interruption Modelling in electrical distribution System*. Proceedings of the International Conference EuroPES 2007 (Power and Energy Systems), Palma De Mallorca, 2007 IASTD Publisher..

11. Abbas K. and Aïssani D., *On the Strong v-Stability on the Embedded Markov Chain in an G/M/1 System*, Proceedings of the SPO 2007 (Pyrenees International Workshop on Statistics, Probability and Operation Research), Jaca (Spain), 2007.

12. Avram F., Chedom Fosto D. and Hamadouche N., *A Simple Method for Optimizing the M/M/s/+D Queue with Deterministic Impatience and Balking*, Proceedings of the SPO 2007 (Pyrenees International Workshop on Statistics, Probability and Operation Research), Jaca (Spain), 2007.

13. Sait R., Zerrougui N., Adjabi S. and Aïssani D., *Evaluation des Performances du Parc à conteneurs de l'Entreprise Portuaire de Béjaia*. Proceedings of an International Conference Sada'07 (Applied Statistics for Development in Africa), Cotounou (Benin), 2007.

14. Tamzalit G., Bouallouche-Medjkoune L. and Aïssani D., *Performance Evaluation of a High-Speed-Network-Switch: The Strong Stability Approach*, "European Conference on Operational Research EURO XXII, Prague, 2007, pp. 43 .

15. Aïssani D., *Histoire des Sciences à Béjaia,* Workshop « Sciences en Méditerranée », Bibliothèque d'Alexandrie, Alexandrie (Egypt), 07/2007.

16. Aoudia Z. and Radjef M.S., *Determining the Strategies of Guarantee in a Multicriteria Game*, "European Conference on Operational Research EURO XXII, Prague, 2007, p. 107.

17. Adel K., Djellab N. and Aïssani D., *Transmission Management of Hello Message in an Ad Hoc Networks*, "European Conference on Operational Research EURO XXII, Prague, 2007, p. 164.

18. Talantikit H., Aïssani D. and Boudjlida N., *Data Exchange in the Distributed Environments by Using Web Services*, European Conference on Operational Research EURO XXII, Prague, 2007, p. 204.

19. Imloul S. and Aïssani D., *Repeated Calls in Cellular Networks*. European Conference on Operational Research EURO XXII, Prague, 2007, p. 194.

20. Slimani H. and Radjef M.S., "*Nondifferentiable multiobjective programming under generalized dI-invexity*" European Conference on Operational Research EURO XXII, Prague, 2007, p. 243.

21. Aoudia – Rahmoune F. and Aïssani D., *Optimization of Maintenance via Series Expansions Method in Stochastic Reliability Models*, European Conference on Operational Research EURO XXII, Prague July 2007, p. 194.

22. Aïssani D., *Las Relaciones Intelectuales al-Andalus – Bujia en la época medieval : una*

contribucion esential al Desarollo del Conociniento, Cours Spécialisé "Las Ciencias Medievales y la Interculturalidad en el Mediterraneo Occidental, Museo de la Ciencia y el Agua, Murcia (Spain), 10/2007.
